### DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Benjamin E. Carlsen on May 24, 2005.

The application has been amended as follows:

Claim 1, line 11, "where a deformed deformable element" has been changed to --whereby the deformable element--;

Claim 1, line 12, "a deformable element" has been changed to --the deformable element--;

Claim 1, line 15, "a deformable element" has been changed to --the deformable element--

The following is an examiner's statement of reasons for allowance: Applicant convincingly argues that the amendment filed March 29, 2005 overcomes the closest prior art of reference, U.S. Patent No. 6,342,055 to Eisermann et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
